

Manufacturer:

Hürner-Schweisstechnik GmbH
Nieder-Ohmener Strasse
D-35325 Mücke-Atzenhain

The electrofusion welding units

HST 300 Pricon+

HST 300 Print+

were used to join PE-HD pipeline components under

◆ **DVS 2207-1**

using the electrofusion welding technique and were tested and assessed according to

◆ **DVS 2202-1 and DVS 2212-1**

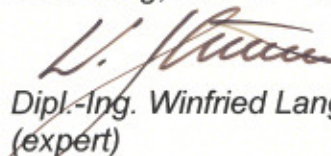

We, the Undersigned,

**SKZ – TeConA GmbH
Friedrich-Bergius-Ring 22
D-97076 Würzburg**

declare that upon test, the electrofusion-welded joints were found to be in conformity with the aforementioned requirements (see appraisal report no. 75789/06).

This declaration is applicable exclusively to the tested welding units in the product version that was put to the test.

Würzburg, this 19th of December 2006
